First Revision on	20.10.2017

Corporate Social Responsibility and Sustainability Policy of Indian Railway Finance Corporation Ltd (IRFC)

Introduction

Indian Railway Finance Corporation (IRFC) is the dedicated funding arm of Indian Railways. IRFC is responsible for meeting the Extra Budgetary Resources (EBR) requirements of the Ministry of Railways through market borrowings. IRFC enjoys a strategic relationship with the Ministry of Railways who happens to be its main client and its owner.

As a part of its Corporate Social Responsibility and Sustainability Policy (CSR & Sustainability Policy), IRFC would strive to remain a responsible corporate entity aware of its responsibilities to all the stakeholders. It would support Sustainable Development programmes of the Government to save the mother earth and for healthy living of future generations of mankind. It would also contribute towards inclusive growth and equitable development in the society, through empowerment of the marginalized underprivileged sections.

The Government of India enacted the Companies Act 2013 in August 2013. Section 135 of the Companies Act 2013 ('the Act') deals with the subject of Corporate Social Responsibility (CSR). The activities which may be included by companies in their CSR policies are listed in Schedule VII of the Act.

The Ministry of Corporate Affairs has also formulated CSR Rules (the 'CSR Rules'), under the provisions of the Act and issued the same on 27.02.2014 These CSR Rules are to be read with the provisions of Section 135 of the Act. The CSR Rules are applicable to all companies, including CPSEs w.e.f. 01.04.2014. All CPSEs shall have to comply with the provisions of the Act and the CSR Rules. Any amendment notified by the Ministry of Corporate Affairs in the CSR Rules, or in Schedule VII of the Act will also be binding on the CPSEs.

The Act enjoins all companies to have a CSR policy, and the information which needs to be mentioned in the CSR policy as specified in the CSR Rules. There

should be no deviation from the mandatory provisions of the Act and the CSR Rules in this regard.

In terms of the Act, every company having net worth of rupees five hundred crore or more, or turnover of rupees one thousand crore or more or a net profit of rupees five crore or more during any financial year shall constitute a Corporate Social Responsibility Committee of the Board comprising three or more directors, out of which at least one director shall be an independent director.

The Board of every company shall ensure that the company spends in every financial year, at least two percent of the average net profits of the company during the three immediately preceding financial years in pursuance of its Corporate Social Responsibility Policy.

Guidelines have also been issued by Department of Public Enterprises (DPE) vide their OM F No 15(13)/2013-DPE (GM) dated 21st October 2014 (the Guidelines) on Corporate Social Responsibility and Sustainability for Central Public Sector Enterprises (CPSEs) which have been made effective from 1st April, 2014.

It has been clarified by DPE that the Guidelines do not supersede or override any provision of the Act, or Schedule VII of the Act, or the CSR Rules, but will only supplement them. Further as per the DPE, in case of any perceived conflict between the CSR Rules and the Guidelines, the former shall prevail under all circumstances.

In the Guidelines, the need for taking sustainability initiatives is emphasized in addition to the requirement of mandatory compliance with the CSR Rules. As per DPE, the Guidelines are aimed at providing an over arching framework of Sustainability within which CSR is firmly embedded. Therefore, CPSEs have been advised to read the CSR Rules together with the Guidelines to clearly understand what is expected of them by the stakeholders.

Further in terms of the Guidelines, CSR policy document of a CPSE should also include a vision and mission statement as to how the CPSE proposes to comply with the Guidelines. The broad sustainability initiatives which a CSPE intends to

undertake should also find mention therein. In the Guidelines, it has been brought out that since Sustainability issues and CSR are complementary in nature, and both are to be mentioned in the policy document. That is why it has been suggested that it may be referred to as 'CSR and Sustainability' policy.

IRFC Policy on CSR and Sustainability has been framed keeping in view the Act, the CSR Rules and Guidelines.

As per the Guidelines, while selecting CSR activities / projects from the activities listed in Schedule VII of the Act, CPSEs should give priority to the issues which are of foremost concern in the national development agenda, safe drinking water for all, provision of toilets especially for girls, health and sanitation, education, capacity building, etc. Contribution(s) to Swachh Bharat Abhiyaan and Clean Ganga Fund (Namami Gange Project) have also been included in the Schedule VII of the Act. The main focus of CSR and Sustainability policy of CPSEs should be on Sustainable Development and inclusive growth, and also to address the basic needs of the deprived, under privileged, neglected and weaker sections of the society which comprise of SC, ST, OBCs, minorities, BPL families, old and aged, women / girl child, physically challenged persons etc.

For CPSEs to fully exploit their core competence and mobilize their resource capabilities in the implementation of CSR activities / projects, they have been advised to align their CSR and Sustainability policy with their business policies and strategies to the extent possible, and select such CSR activities / projects which can be better monitored through in-house expertise.

If the CPSEs feel the necessity of taking up new CSR activities / projects during the course of a year, which are in addition to the CSR activities already incorporated in the CSR and Sustainability Policy of the company, the Board's approval of such additional CSR activities would be treated as amendment to the policy.

Vision

To make Corporate Social Responsibility an important element of the working of the Company thereby addressing environmental, social and economic concerns of the society.

Mission

IRFC envisions supporting the cleanliness initiatives of the Government and promoting Sustainable Development, renewable energy, capacity building in collaboration with the Government and / or with other Public Sector Undertakings and / or with Government agencies, in a scalable manner and thereby set a foundation for a clean, green, educated and capable & bright India.
