Congress DMK Dynasty Alliance

Leaves Puducherry in Ruins

Five years ago, the people of Puducherry gave a mandate to Congress. However, the trust and faith reposed by the people were repaid by incompetence, misrule, and misgovernance. A long list of failures associated with this incompetent, insensitive, and ineffective government showcases how this government made the mockery of the mandate handed over by the people of Puducherry. Corruption has been rampant and the Narayanaswamy led government has failed in bringing the development envisaged by the NDA government led by Shri Narendra Modi at the center to the people of Puducherry. This backstabbing of the people by the INC led government has resulted in Puducherry being one of the worst governed states of India:
